Date	Event

27 June 2017 ++	DF Hunt	Annual midsummer DF hunt
1 - 2 July 2017 ++	VHF NFD	
19/20 August 2017 ++	ILLW	International Lighthouse Lightship weekend
++ Denotes that this is not a normal club night		

I apologise for this being a very short newsletter but I have been very busy on a number of things (who said being retired is easy) and am about to go away so I will not be at the next meeting

The next meeting is a bring a thing night

We have had a number of these in the past and they have been very successful. The idea is to bring along a "thing" and be prepared to do a (short) talk about it. The "thing" can be anything but I think perhaps it would be best to exclude live animals otherwise I would bring a rabid dog but I will not be there anyway..

Items shortly to be offered for sale.

The photographs on the following page are not items from previous bring a thing nights but they are items that will shortly be offered for sale from the estate of the late Dave Roberts G0JBT.

Don't forget there are still a number of items for sale that were donated to the club and the list is available on the club web site.

Is this the shape of trains to come

Parked outside the Hitachi works at Old Oak Common is this train with no rail company markings.

I am thinking that it is perhaps an experimental prototype but does anyone know ?

Finally for this issue some new street art photographed in Brick Lane on the day of the election (no connection with it though).

Thats all

Dave
